Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life long experience, and right purpose of the men who compose the organization and of those who direct it.

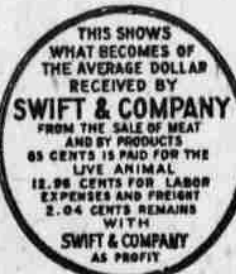

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a "Swift Dollar." It will interest you.

Travelers Praised For Advertising Big Convention

The efforts of the members of the Memphis Travelers' association to work up interest in the Cotton States Merchants' association convention among the merchants they visit have been given the highest praise by W. R. King, chairman of the executive committee of the Merchants' association. "From the beginning," said Mr. King, "they jumped into this attendance-getting campaign and they have never let up a bit until we now have on file in the office of the association over 4,000 signed attendance blanks from that many merchants and business men who promise to be at the convention in Memphis Aug. 19, 20 and 21. It is very evident, too, from their many expressions that they did not go into this attendance blank purely for the prizes that were offered, but for the sport of it and in order to insure a great success for Memphis."

The prizes that will be given to the six traveling men who procure the largest number of signed attendance blanks will be awarded and published on the last day of the convention, Aug. 21. The prizes offered are: First, a \$50 Victory bond, for the largest number of prizes to attend the convention; second, \$25 for the second largest number; third, \$10 for the third largest number; and \$5 in gold to each of the next three.

U. S. RUBBER FACTORY EMPLOYEES WALK OUT

NAGAUTUCK, Conn., Aug. 12.—Employees in five local plants of the United States Rubber company struck today to enforce a demand for a 20 per cent wage increase. The union claims a membership of more than 2,500 and it is believed that all union members and hundreds of others walked out.

SHRINERS HAVE PLANS FOR MORE BUILDINGS

Three committees from the membership of the local temple of the Mystic Shrine on Wednesday night presented reports on the feasibility of a building plan for the Shriner which will include a new building for which a fund already has been set aside, a country club and the addition of two stories to the present Masonic temple to be used exclusively for the Shriner. Raising of the initiation fee from \$75 to \$101, also will be considered at Wednesday night's meeting. The question of sending the band, patrol and cantors to New Orleans, on Sept. 27, also will be considered.

GREENVILLE SHOWS UP WITH 680 REGISTRANTS

GREENVILLE, Miss., Aug. 12 (Spl.)—The city registration for the election of municipal officers next December just closed shows a registration of 680 voters. J. T. Gooch is the only announced candidate for mayor as yet, he having consented to run for that office at the solicitation of numerous citizens, though it is hinted there may be another candidate for the office when election day comes.

Activities Among Memphis Negroes

BY REV. T. O. FULLER.

A large delegation was on hand at the West Tennessee Baptist association Tuesday. Prof. R. H. P. Brown presided over the Sunday school division and Mrs. Florence J. Cooper had charge of the women's department. The first day was spent in hearing reports from messengers from the various sections. The introductory sermon was preached Tuesday morning by Rev. W. H. Bowers. Several interesting papers were read by visiting delegates. Among the important subjects discussed were: "How to Interest Young Men in the Sunday School," by Rev. R. E. Harshbarger; "The Relation of the Sunday School to the Church," by L. C. Moore.

Dr. A. M. Townsend preached an able sermon on "Education" at the woman's division and Rev. W. M. Matlock preached the sermon for the Sunday school convention.

The St. John choir, led by Prof. C. H. Sims, sang for the women. The churches assisting in the entertainment Tuesday were the Metropolitan church, Dr. A. M. Townsend, pastor; the St. John church, Rev. W. J. McMichael, pastor; the Tabernacle church, Dr. S. E. Griggs, pastor; and the First Baptist church, Rev. T. O. Fuller, pastor.

The Rev. A. Parr, Brownsville; Rev. O. E. Harwell, Humboldt; Rev. H. Smith, Brownsville; Rev. W. M. Coke, Jackson; Rev. C. W. Kelley, Ripley; Rev. N. J. Odameal and Rev. J. B. McMichael, at the meeting of the association at Howe this week.

Negroes of the country can never forget the benefactions of the late Andrew Carnegie, who gave liberally to their educational institutions. He gave them several libraries also.

In naming the Hon. George R. James as chairman of the welfare committee of the Chamber of Commerce, President Fitzhugh made a selection that pleases the negroes of Memphis and Shelby county. Mr. James is one of our friends and we have absolute confidence in his sense of justice and fair play. Success to him.

The Masonic Temple are having a big time at Church's auditorium. J. B. Woods, Jr., grand master for Tennessee, is presiding. Delegates are in attendance from all parts of the state.

Get up, Chicago: smooth your face and smile. You must be more careful next time. You "stumped your toe" rather badly!

The writer is enjoying his revolving desk chair, which came Tuesday. Many thanks to friends for the kindness.

The Gliffeld church is in the midst of a strenuous financial drive. Six thousand dollars is the goal. Success to you, Brother Robbins.

WILSON WILL VETO LAW TO REPEAL TIME CHANGE

WASHINGTON, Aug. 12.—President Wilson, it was said today, will veto the law proposing repeal of the daylight saving act. The measure has been before the president since Aug. 1 and he is expected to return it to congress before the end of the week.

LONOKE AVIATION FIELD CLOSING IN TEN DAYS

LITTLE ROCK, Ark., Aug. 12.—Lonoke aviation field at Lonoke, 30 miles from Little Rock, will be closed within 10 days, it was said today by Maj. Arnold Krogstad, the commanding officer. The officers are being discharged or transferred as rapidly as possible. Only a small garrison will remain at the field to protect the buildings and the equipment.

COPS COME BACK.

Two members of the headquarters force of the Memphis police returned to work Tuesday night, after enjoying a 10-day vacation. Capt. John J. O'Hearn had so much pep that he called the roll on the night shift fully three minutes early, while Patrol Driver J. J. Brownlee actually leaped from the driver's seat of the flivver, and assisted Martin Harvey in putting a prisoner in the wagon. O'Hearn spent his vacation at home. Brownlee went to St. Louis, where he reported, though it was not raining, it certainly was very wet.

A WOMAN'S TESTIMONY.

Mrs. Etta Warren, a farmer's wife of Emmittsburg, Md., openly declares how she has found relief through reading a newspaper advertisement of Lydia E. Pinkham's Vegetable Compound. She is in her relief after fifteen years of suffering that she asks to have this information published.

Anyone Now Can Have Pretty Curls and Waves

Here's a hair curling secret that is decidedly "worth while." At bedtime apply a little liquid simerine with a clean tooth brush, drawing this down the hair from root to tip. In the morning when you look in your mirror you will be astounded and delighted to find your hair has dried in as beautiful curls as you've ever worn. The wave-ness will look so natural no one will guess it was artificially acquired. You can obtain liquid simerine at any drug store and a few ounces will last a long time. It is neither sticky nor greasy and is pleasant to use. It is doubly useful because of also serving as a beneficial dressing. Keeping the hair soft, silky and lustrous. After one trial you will never go back to the barbarous curling iron.

DERWILLO The Famous Beautifier

Have you tried it yet? Thousands everywhere are using it. It is a wonderful tonic for the skin, drives out summer sun and causes wrinkles, tan, freckles, yellow skin, blackheads, sun spots, roughness, redness to quickly disappear. It brings roses to the cheeks and makes anyone look 10 years younger. Gives a youthful complexion and "A skin you love to touch." A single application proves it. See large advertisement upon its appearance in this paper. Ask your druggist about it.

U. S. SHIP HITS MINE, BUT IS MAKING PORT

DOVER, Aug. 12.—The American steamer Englewood struck a mine in the North sea off the Thames river at 7:30 o'clock this morning and sent out a wireless message for help. She, however, is in no immediate danger of sinking and tug boats are standing by. The Englewood is making for the Thames under her own steam.

BRUNNER IN ACCIDENT.

The misfortunes of war overtook Charles Brunner, Jr., emergency policeman, late Tuesday afternoon, when he made a flying leap to the top step of a Folk avenue house, to head off a burglar who was supposed to be within. The step gave way, and Brunner's leg plunged through the opening.
